Haleigh, can I certify the system using the final approved interconnection date on the document (which differs from the application) of 6.23.2017?

Thanks,

Haleigh,

The same type of error exists in 17-0311 (DPL Interconnection rating 11.61kW, PSC App 12.15kW). Please amend.

Thanks,

Joe DeLosa | Delaware Public Service Commission | Public Utility Analyst | Joseph.DeLosa@state.de.us | (302) 736-7519

Here you go.

Attaching to Dela File as well.

Apologies

Good Morning,

The attached interconnection documents do not match the PSC application. The PSC application notes 10.35kW and the interconnection shows 11.375kW.

Please either amend your PSC application or submit a request to Delmarva for an amended interconnection document.

Regards,

Haleigh,

The submission for 17-0293 is deficient. There is no interconnection documentation attached to the DelaFile application.

Please attach interconnection documentation for this system to be certified.

Thanks,
